RE: File #2006-00371

Dear Ms. Treble:

On March 3rd and 13th of 2006, the Department of Environmental Services ("DES") received documentation pertaining to the above referenced property, more specifically referenced on Town of Hillsborough Tax Map 18 as Lot 24 (the "Property"). The documentation was submitted to assist in determining compliance with RSA 482-A and applicable rules adopted under that statute, and specifically whether the deficiencies noted in the Letter of Deficiency issued to you on March 3, 2006, have been addressed.

As a result of the review of the submitted documents, it was determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

Tracey Boisvert
Compliance Supervisor
